Company Info

Global Stone is a project-driven, solution-based manufacturer that specializes in the custom fabrication of natural stone and quartz stone products for hospitality, high-end residential and commercial projects.

We work closely with developers, contractors, designers, and architects to help execute their stone projects into real-life applications. Specifically, our products include countertops, vanity tops, stone tops, interior wall and floor tiles, façade cladding panels, and many others customized to specifications.

02

Backed by 2 factories equipped with advanced equipment and a professional team, Global Stone offers superior-quality stone products and solutions available in the construction industry.

Some stats:

- 70,000 sq. ft. of factory space
- 60+ projects per year
- Over 200,000 sq. ft. of stone products fabricated per month
- 10+ years of experience
